c. Why are you interested in working on our farm this summer?

I want to work on your farm this summer to apply my strong work ethic to the core physical operations, from harvesting to maintenance, while also bringing a highly organized, systems-oriented mindset to the team. I look forward to the demanding nature of farm production and, additionally, I am capable of supporting operational efficiency, quality control, or digital organization if needed, ensuring a productive and smooth summer season.

d. Are there any other skills you would like to share or anything else you would like us to know?

I have advanced skills in computer work (including MS Excel, Word, and data tracking) and experience with digital workflows. If the farm requires any support with inventory management, spreadsheets, digital organization, or basic administrative tasks alongside the core outdoor work, I am fully capable and ready to assist in those areas as well.

e. We also have a Community Project on a separate 5 acre property near our farm. We are assembling skilled teams on this project and there may be multiple ways to participate and develop income opportunities with us. Would you like to learn more about this initiative?

Yes, absolutely. I am highly interested in learning more. I enjoy projects that involve structural organization, process efficiency, and teamwork. I would love to know how my skills in problem-solving and operational logic could support this initiative.
